

Aussie rules!

Are you all set for the International Furniture Fair Singapore 2009? Launching a brand new range of award winning upholstery is Australia's leading quality upholstery manufacturer, Lounge Innovation. Check out their distinctive range of "DownUnder" sofas and chairs which are skilfully crafted with leather produced from Australian ostrich, emu, kangaroo or crocodile hide. Specialising in earth-friendly designs and materials, the company prides itself in using plantation grown, kiln-dried Australian hardwood (like Jarrah) and is backed by various Industry Awards attained over the past 15 years, so you know you can trust their quality. Look out for their distinctive range of sofas at Stand #5B-72 at the IFFS 2009 from 9th to 12th March at Singapore Expo.
