

ELECTRICAL EQUIPMENT RENTAL

FORM 8

Deadline: 31 January 2017

Please read the following carefully before completing the form overleaf.

- Please make sure that your equipment can operate on the specified electrical items. You may need to bring along your own transformer, adaptor or regulator if necessary.
- Prices shown cover the supply on hire, maintenance during the show period and removal at the end of the exhibition. Additional work such as timber battens to support lighting fittings may be imposed by the contractor at a further charge.
- All electrical installation work from source of supply at the exhibition must be carried out solely by the Official Standfitting Contractor. As such, if you are using your own contractor to build your stand, you would need to order your electrical requirements from the Official Standfitting Contractor. Please order early as electrical plans have to be submitted to the relevant authorities for approval.
- For lighting exhibits (e.g. table lamps, lighted photo frame) excluding chandeliers, you may order one (1) power point for three (3) numbers of lighting exhibits. Total power output **should not** exceed 500 watts.
- Lighting connections per fitting are charged according to the number of tubes and bulbs fitted on the stand, including LED lights.
- Exhibitors ordering three-phase power outlets must comply with the following:
 1. Submit a certified electrical single line drawing to the Official Standfitting Contractor by **31 December 2016**. Drawings must be endorsed by a Licensed Electrical Worker (LEW). The LEW must be registered with Energy Marketing Authority (EMA) in Singapore.
 2. Pay a refundable performance bond of S\$500.00 (per stand construction) to the Official Standfitting Contractor.
 3. In the event of a power disruption caused by the particular stand, a flat rate of S\$500.00 investigation fee will be charged.
 4. Kindly note that the isolator will be provided by the official contractor and Exhibitors should bring their own distribution box(es). Additionally, Exhibitors could also order the distribution box(es) from the official contractor at an additional cost.
- All items ordered are on rental basis and Exhibitors will be held responsible for any loss or damage.
- A fee will be levied for relocation of any electrical order after installation.
- All prices quoted are subject to the prevailing Goods & Services Tax (GST).
- Orders will be fulfilled only when full payment is made. Cheques/demand drafts should be crossed and made payable to **PICO ART INTERNATIONAL PTE LTD**. All cheques are to be drawn from a Singapore bank. Foreign cheques are not accepted. Payment via telegraphic transfer, please include S\$35.00 for bank charges.
- Orders received after **31 January 2017** will be subject to a 30% surcharge and 50% surcharge for orders received after **28 February 2017**.

FORM 8 (continued)

Deadline: 31 January 2017
