

# SHELL SCHEME STANDS

## Standard Shell Scheme Package

---

- The standard shell scheme package includes walls of 2.44m in height, fascia board, carpet for flooring, power points, lighting and potted plants.
- All items entitled in the shell scheme package are not interchangeable.
- No financial credit will be given by the Organiser for any of these entitlements not utilised.
- The table on Page 24 indicates the entitlements for shell scheme stands.

## Stand Structure and Boundaries

---

- Changes to the standard shell stand structure will not be allowed.
- No additional standfitting may be attached to the shell stand structure and no painting on the shell stand panels will be allowed unless approved by the Organiser.
- No free-standing fitment may exceed the height of 2.44m or extend beyond the boundaries of the site allocated. This includes towers, helium-filled balloons and logos/company names.
- Projections (including exhibits, signs, floral decorations and furnishings) into the gangway are not permitted.

## Stand Decoration

---

- Neon or flashing lights/signs will not be permitted. Sequence-lit displays may be used, subject to the approval of the Organiser/relevant authorities as well as the rate of light change.
- Any change to the type or colours of the floor covering provided must be approved by the Organiser, and with prior negotiation with the Official Standfitting Contractor. Any cost incurred will be borne by the Exhibitor.
- Proposals for additional enhancement to standard shell structure are to be submitted to the Organiser by **31 December 2016**. Failure to obtain approval can result in costly alterations on site, per the requirements of the Organiser/relevant authorities concerned.
